Contents

NUMBER 1

SCIENTIFIC PAPERS

1 Serum digoxin concentrations in dogs before and during concomitant administration of furosemide: W. M. PEDERSOLI and R. F. NACHREINER

9 Intravenous fluid therapy for non-respiratory acidosis in dogs: a comparison of a balanced electrolyte solution with a fluid rich in potassium and bicarbonate: R. J. ROSE and R. J. CARTER

21 Levels of the isoxazolyl penicillins, cloxacillin and flucloxacillin, in serum and synovia of horses: IAN C. A. MARTIN, DARIA N. LOVE and REUBEN J. ROSE

29 Bioavailability and pharmacokinetics of phenylbutazone in the cow: P. DE BACKER, R. BRAECKMAN, F. BELPAIRE and M. DEBACKERE

35 Effects of chloropromazine on plasma concentrations of long chain fatty acids and glucose in sheep: MICHAEL L. BRUSS

45 Systemic availability of chloramphenicol from tablets and capsules in cats: A. D. J. WATSON

SHORT COMMUNICATION

53 The effect of pre-treatment with phenylbutazone or soy-bean trypsin inhibitor on experimental equine *E. coli* endotoxemia: GEORGE E. BURROWS

NUMBER 2

SCIENTIFIC PAPERS

59 Role of circulating prostaglandins in the genesis of pyrogen (endotoxin)-induced ruminal stasis in conscious goats: G. H. VEENENEDAAL, F. M. A. WOUTERSEN-VAN NIJNANTEN, C. TH. M. VAN DUIN and A.S.J.P.A.M. VAN MIERT

69 Pharmacokinetics of nine sulphonamides in goats: HENK VAN GOGH

83 Plasma levels of sulphamethazine in the horse after spontaneous oral uptake: H. P. MEIER, P. TSCHUDI and H. GERBER

87 Clinical pharmacology of polymyxin B, colistin and colistimethate in young dairy calves: G. ZIV, M. WANNER and J. NICOLET

95 Pharmacokinetics of chloramphenicol in calves during the first weeks of life: R. REICHE, M. MÜLLING and H.-H. FREY

107 Plasma chloramphenicol concentrations in cats following intramuscular administration of three different chloramphenicol preparations: A. D. J. WATSON

111 Some physiological and biochemical effects of intravenous fluid administration during halothane anaesthesia in the dog: R. J. ROSE, R. J. CARTER and JAN E. ILKIW

121 Influence of food intake on the absorption of lysine-acetylsalicylate in dogs: P. RICHEZ, A. REGNIER and Y. RUCKEBUSCH

NUMBER 3

SCIENTIFIC PAPERS

125 Effect of the injection site on the bioavailability of amoxycillin trihydrate in dairy cows: L. J. E. RUTGERS, A. S. J. P. A. M. VAN MIERT, J. F. M. NOUWS and C. A. M. VAN GINNEKEN

133 Pharmacokinetics of clindamycin following subcutaneous administration of clindamycin phosphate in the canine: D. J. WEBER, A. R. BARBIERS, A. J. LALLINGER, A. W. NEFF and D. G. POPE

145 Oral chloramphenicol dosage regimens in cats: A. D. J. WATSON

151 Pharmacokinetic disposition and plasma protein binding (*in vitro*) of chloramphenicol in *Bubalus bubalis* I: K. J. VARMA, B. S. PAUL and R. C. GUPTA

157 A pharmacological study of chloramphenicol in *Bubalus bubalis* II: K. J. VARMA, B. S. PAUL and R. C. GUPTA

161 Pharmacokinetics of chloramphenicol in Chinese spot-billed ducks (*Anas poecilorhyncha*): F. JOSHUA DEIN, DRU F. MONARD and DAVID KOWALCZYK

169 Pharmacokinetics of lithium in sheep: PIERRE MORMÈDE and JEAN-MARIE LEDOUX

177 Radioimmunoassay of the anabolic agent zeranol. I. Preparation and properties of a specific antibody to zeranol: S. N. DIXON

183 Notice

NUMBER 4

185 Editorial

REVIEW PAPER

187 Halothane-associated hepatitis and methoxyflurane-related nephropathy: a review: G. J. BENSON and K. A. BROCK

SCIENTIFIC PAPERS

197 Hyperglycaemic effect of xylazine: W. FELDBERG and H. W. SYMONDS

203 Prolonged depression of thermoregulation after xylazine administration to cats: W. PONDER and W. G. CLARK

209 A pharmacokinetic basis for the administration of digoxin to puppies: C. BUTTON and D. R. GROSS

217 Potentiated sulfonamides in the treatment of bovine pulmonary nocardiosis: K. L. ANDERSON and J. WILCKE

221 The selection *in vitro* of antibiotics with activity against intracellular *S. aureus*: N. CRAVEN and J. C. ANDERSON

227 Susceptibility of *Clostridium perfringens* of animal origin to fifteen antimicrobial agents: G. N. DUTTA and L. A. DEVRIESE

237 Correlation of serum phenytoin (diphenylhydantoin) with the administration of oral and intravenous phenytoin in dogs: D. F. KOWALCZYK

245 A radioimmunoassay method for the measurement of residues of the anabolic agent, hexoestrol, in tissues of cattle and sheep: D. J. HARWOOD, R. J. HEITZMAN and A. JOUQUEY

255 Residue profile of phenylbutazone in the rabbit. A comparative evaluation by tissue kinetics prior to and *post mortem*: P. L. TOUTAIN, M. ALVINERIE and Y. RUCKEBUSCH

261 Plants used in traditional veterinary medical practice in Nigeria: N. NWUDE and M. A. IBRAHIM
